1decision and British Values

"All maintained schools must meet the requirements set out in section 78 of the Education Act 2002 and promote the spiritual, moral, social and cultural (SMSC) development of their pupils. Through ensuring pupils' SMSC development, schools can also demonstrate they are actively promoting fundamental British values.

Pupils must be encouraged to regard people of all faiths, races and cultures with respect and tolerance. It is expected that pupils should understand that while different people may hold different views about what is 'right' and 'wrong', all people living in England are subject to its law.

The school's ethos and teaching, which schools should make parents aware of, should support the rule of English civil and criminal law and schools should not teach anything that undermines it. If schools teach about religious law, particular care should be taken to explore the relationship between state and religious law. Pupils should be made aware of the difference between the law of the land and religious law".1

Where do the British Values sit within the programme?

During the creation of the 1decision programme, we have been very mindful to thread the British Values throughout. For example, whilst using the alternative videos, children will be asked to vote to support the characters in choosing the right decision. This supports students in the early understanding of the 'British Value' - Democracy.

Within this document you will be able to see where each of the other value's feature across the modules. ***Please note: you will also find various assemblies within the portal which have been created to support British Values, particuarly our assembly on 'Protected Characteristics'.***
