## Freedom of Information Policy Statement

### 1. Introduction

1.1 The Freedom of Information Act (FOIA) 2000 provides public access to information held by public authorities.

1.2 It does this in the following ways:

- public authorities are obliged to publish certain information about their activities, and
- members of the public are entitled to request information from public authorities.

1.3 Anyone has a right to request information and Windsor Academy Trust (WAT) has two separate duties when responding to these requests:

- to tell the applicant whether WAT holds any information falling within the scope of their request; and
- to provide that information.

1.4 Any person has a legal right to ask for access to information held by WAT. They are entitled to be told whether the information is held, and to receive a copy, subject to certain exemptions. ICO guidance should be followed if there is a need to withhold the information. Please use the following link. [When can we refuse a request for information?](#)

1.5 The Act does not give people access to their own personal data (information about themselves). If a member of the public or staff wants to see information that WAT holds about them, they should make a Subject Access Request (SAR) in accordance with the Data Protection Act 2018, as outlined in the WAT's Data Protection Policy. Please also refer to the ICO guidance using the following link. [Right of access.](#)

1.6 **WAT is committed to openness and transparency**, ensuring compliance with the relevant statutory framework by:

- responding adequately to a request for information;
- adopting the model publication scheme, providing the correct information; and by
- not deliberately destroying, hiding or altering requested information to prevent it from being released.

1.7 Deliberately destroying, hiding or altering requests for information may be considered as a disciplinary matter under the WAT Disciplinary Policy.

### 2. Purpose

2.1 The purpose of the Freedom of Information Policy is to ensure that effective procedures and arrangements are in place to manage a request for information to enable WAT to demonstrate compliance with the FOIA and other legal and statutory duties relating to providing public access to information.

### 3. Roles and Responsibilities

3.1 The WAT Executive Team are accountable to the Board of Directors (BoDs) and are responsible for providing assurance that the requirements of the FOIA are being complied with. Headteachers are responsible for ensuring compliance in each academy and the Local Advisory Bodies (LABs) should scrutinise the arrangements in academies as part of the assurance process.

## 4. Managing Requests

- 4.1 For a request to be valid under the FOIA it must be in writing, but requesters do not have to mention the FOI Act or direct their request to a designated member of staff. Any letter or email asking for information is a request for recorded information under the FOI Act.
- 4.2 On receipt of a request within WAT, the Data Protection Officer (DPO) in the WAT Central Team should be notified. The DPO will liaise with the Data Protection Lead (DPL) the academy and consider whether the request requires a local or a central response. This will depend on the nature of the request and whether it requires local or central managed information.
- 4.3 All requests will be acknowledged upon receipt with an indication as to the timescales for responding. All requests will be responded to within the 20 day (school day) statutory time limit.
- 4.4 A response will be provided having regard to the procedures and guidance outlined by the Information Commissioner's Office (ICO) [Guide to freedom of information](#)
- 4.5 All requests for information will be processed following the flow chart outlined at Appendix A and in conjunction with the flowchart provided by the ICO as guidance using the following link as an aid. [Start here](#)
- 4.6 The DPO will maintain a central log (Appendix B) of all requests; each request will be retained for 18 months.
- 4.7 There may be times when requested information cannot be supplied. Whenever a request is refused the requester must be notified. If the requester is unhappy with the outcome, the WAT's Complaints Policy should be followed. Any requests to review the decision and information provided should be made in writing. If after following the complaints procedure outlined in the Complaints Policy, the requester is still dissatisfied, then they can pursue their concerns directly to the ICO.
- 4.8 Whenever a request is refused the requester should always be informed about their right to complain to the ICO. The ICO has a general duty to investigate complaints from members of the public who believe that an authority has failed to respond correctly to a request for information. The ICO can be contacted by email at [www.ico.org.uk](mailto:www.ico.org.uk) or by writing to:

## 5. Publication Scheme

- 5.1 As well as responding to requests for information, WAT is required to publish information proactively. The FOIA requires WAT to have a publication scheme, and to publish information covered by the scheme. [Model publication scheme](#)
- 5.2 The scheme sets out WAT's commitment to make certain classes of information routinely available, such as policies and procedures, minutes of meetings, annual reports and financial information. WAT will indicate clearly to the public what information is covered by this scheme and how it can be obtained (Appendix C).

### 5.3 The scheme commits WAT to:

- Proactively publish or otherwise make available as a matter of routine, information which is held by WAT and falls within the classifications outlined at section 7 of this policy.
- Specify the information held by WAT that falls within the classifications.
- Proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- Produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- Review and update on a regular basis the information WAT makes available under this scheme.
- Produce a schedule of any fees charged for access to information which is made proactively available (see Appendix D).
- Make this publication scheme available to the public.

## 6. Availability of Information

- 6.1 Wherever possible and practical, information will be made available on the WAT and academies websites. Where it is impracticable to make information available on a website or when an individual does not wish to access the information via the website, WAT will indicate how information can be obtained by other means and provide it by those means.
- 6.2 In exceptional circumstances some information may be available only by viewing in person. Where this manner is specified, further details will be provided. An appointment to view the information will be arranged within a reasonable timescale.
- 6.3 Information will be provided in the language in which it is held or in such other language if there is a legal requirement to do so.
- 6.4 Obligations under disability and discrimination legislation and any other legislation to provide information in other forms and formats will be adhered to when providing information in accordance with this scheme.
